February 9, 2015

February: *I Love My Library* Month

Here are 10 reasons to love your City Library in Umatilla County:

1. Because your library card is good at most public libraries in Eastern Oregon
2. Because library staff can help you with ideas for books to read, DVDs to watch, or audio books to listen to
3. Because you can have materials from another library delivered to your home library through inter-library loan services
4. Because your library offers examples of resume writing and job interview information, both in print and online. Prepare at your library for the job you want
5. Because your library gives you access to online materials, such as HeritageQuest, Ancestry Library Edition, Library2Go, and EBSCO Auto Repair Reference Center
6. Because libraries offer programs which educate, enlighten and stretch philosophically
7. Because your library offers free internet access. Come in and connect your laptop for free internet service or use one of the library's computers
8. Because your library card gives you free access to language learning resources – access at your library or from home computer with a valid library card
9. Because your library offers the latest bestsellers, popular titles, and classics collection in a variety of formats

And best of all...

10. Because your library is free to use!

Umatilla County Special Library District's mission is to ensure the continuation and growth of public libraries in Umatilla County; by supporting our libraries' ability to provide services, programs and continuing education opportunities for all. We believe libraries strengthen communities through individual, family, economic and community development.
