Since 1987, Library Card Sign-up Month has been held each September throughout the nation to remind parents and caregivers that a library card is one of the most important school supplies of all. Getting a library card is easy and you don't need to be a student, either. Simply visit your local city library, fill out a short application form, and provide identification showing your current residency with a local address. Minors under the age of 18 will need a parent or guardian's signature to get a library card.

A library card from your local library provides access to books, audios, magazines, music, online resources, movies, and computers.

Considering all the services available with your library card, it could be the most valuable card in your wallet!
