

Umatilla County Special Library District
Priorities for Program and Service Delivery

The Umatilla County Special Library District (UCSLD) Priorities for Program and Service Delivery are based on input from the individual communities served by the District and identified through the 2004 District Planning Process.

These Priorities for Program and Service Delivery focus on fulfilling the mission and vision of the District and of the individual libraries through development of practical, locally tailored, program-oriented and outcome based plans. Oregon Library Association Standards for Public Libraries continue to be a valuable resource and will be utilized as guidelines. The overall goal is excellence in both program and service delivery.

Mission Statement: UCSLD's mission is to support the development of public libraries in Umatilla County to provide services, programs, and continuing educational opportunities to individuals of all ages, thereby strengthening their communities through individual, family, economic and community development.

- ◆ Libraries within the District are seen as integral parts of the infrastructure and critical to the livability and economic development of their communities;
