

Umatilla Public Library

Annual Library Service Plan Review

FY 2018-2019

1. Our goals for the FY2018-2019 were to have more programming, get more children and adults in to the library, and to collaborate with the school district.
2. We were able to reach more children and adults through the school district and we created programming for every age group.
3. We were able to meet all of our goals this FY and we have even more exciting things to come.
4. Our biggest challenge is advertising. We did not advertise enough for one of our programs and we did not have anyone show up for it. We have gotten better with advertising and we are starting to use social media as our biggest advertising source.
5. We are very excited to announce that we have had many partnerships this FY and we hope to continue these partnerships for many more years to come.
 - a. **Kyle Sipes** (Robotics teacher at Umatilla High School) He will be helping teach and instruct our new STEAM programs. His robotics students will be helping as well.
 - b. **Stephanie Williams** (After School Director) She helped us with our new STEAM program by including us in her after school registration form. She also helps with advertising and bus route schedules
 - c. **Rikkilynn Starliper** (Food Services Director) We are excited to announce that Umatilla School District will be providing meals for our STEAM program as well as our community every Saturday
 - d. **G&J's** (Restaurant) Every year we collaborate with G&J's for our Summer Reading Program. For every 10 EX books or every 100 pages read a child gets free ice cream. They have been supporting us for over 15 years!
 - e. **Esmeralda Horn** (Director of Umatilla City Parks and Recreation) we have been collaborating with Parks and recreations and joining their programs and events. This next FY we will have our first Pop-up library at these events
 - f. **Isis Ilias** (School Liaison) Isis has helped us by hosting Spanish book tastings at our library. We get Spanish speakers into the library and get new members as well.
 - g. **Mid-Columbia Bus Co.** School Superintendent, Heidi Sipe, is providing a bus through Mid-Columbia Bus Company for our STEAM program! Every other Saturday in 6 week sessions
6. –Umatilla Library Board Meeting
 - Quarterly Reports for the city of Umatilla
 - City Newsletter: We will be front page of the City Newsletter 09/2019
 - School Newsletter: Every child at McNary Heights gets a newsletter
7. -Training for new employees.
 - New Web based Sage System training
