Annual Library Service Plan
2017-18

K-12 Youth programs: Goals & Objectives—This year we are going to try to have more activities for the older kids. Board Game tournaments, building planks contest, circulating sketch pad, a sketch pad that is checked out and taken home brought back, everybody can see what everybody else is doing. It is still a work in progress.

Long Term Goal- To continue to add more activities for the older kids.

Outcome-Keep the kids coming back to the Library, let them see we are not a stuffy and dusty place. We can be a fun place to come to.

Friends/ Volunteer program: Our Friends Group has dissolved as of Dec of last year. They felt that they had no purpose anymore, since the new library was built. They were down to an annual book sale, and nothing else. We will in the future try again with the Friends.

We need younger Friends.

As we do more things we will have more volunteers, for summer reading program.

Long Term Goal: Try and get a new Friends Group started.

Community Relations Program: We have a Facebook Page which we put on programs we are having, We put on our reader board what we are going to be doing; the city has a newsletter that we can put things in. We participated in Screen Free Week at Hash Park in McNary. We gave out Frisbees, (Frisbees had our name on them), book marks, flyers for our upcoming program.

Long Term Goal: To let the public know that there is a library here. Keep putting our name out there.

Outcome: To get people to come in, let them know that we are here
