

PILOT ROCK LIBRARY

ALSR 2018/2019

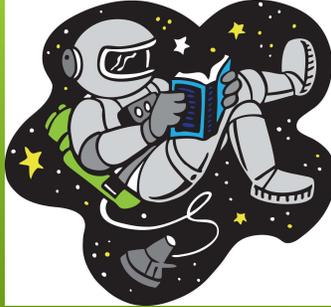

1

2

Summer reading was well attended, but looking for a new way for kids to track minutes/books read.

Fun crafts during summer reading

SUMMER READING PROGRAM

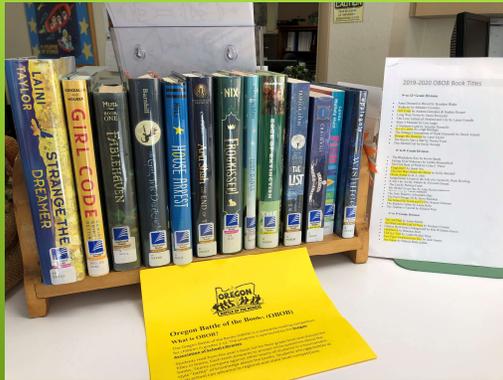

3

OUR PLACE IN SPACE AS USUAL THIS WAS A POPULAR PROGRAM

4

BATTLE OF THE BOOKS

COORDINATED WITH THE SCHOOL TO HAVE BOOKS AVAILABLE

5

Refreshing Youth Collections grant

New DVD Cabinet

NEW ADDITIONS

6

ADULT PROGRAMMING

The seed starting program was a lot of fun. One of the participants that attended works at the school; she enjoyed the class so much she asked if I would be willing to offer it to kids. So I had 2 more programs just for kids

7

The library was invited to participate in National Night Out; this was a good way to advertise the library to the community. I had a "stick together" poster for people to work on. Also offered tattoos and face painting and gave out bookmarks. I had a large easel that displayed information about the library.

8

Goal review:

Youth: I am seeing more kids continuing to use the library after school resumes. Changed the idea to start a lego program there did not seem to be much interest. Continuing to add new books and different formats.

Online presence: did better on updating website with events, did not do well keeping up on social media.

Adult activities: offered several programs for adults

Increasing awareness of UCSLD- still don't have strong talking points about this but I do mention it to patrons when appropriate. Will be taking advantage of the UCSLD calendar online.

Going forward:

Planning to offer more adult classes, would like to coordinate with community garden.

Sponsoring a Traveling Lantern show at the local elementary school.

Paticipate in Community Days
